

Dear Sponsor

September 2016

There is so much going on for this challenge, much more than I could have ever anticipated. Therefore I wanted to give you a further update for September, as a sponsor your support has been key to allow me to successfully follow this journey which I am forever grateful:

1. I completed the Clipper Level 2 training and RYA sea survival course. I was aboard a CV8 clipper training yacht (68ft) for a week at sea. It was much harder than Level one but once again learnt so much and met some more lovely fellow Clipperati.
2. The Website www.shesetsail.com has been successful. Since launching it in September I have had 716 views, 153 visits. It's been a great platform to host my ever increasing material. 209 followers on Facebook and twitter are active.
3. Press releases have included The Cleethorpes Chronicle, Fish Farmer and the Gazette and Herald where coverage and photos have been about half a page. There is scope for more PR definitely.
4. BBC radio Humberside have asked me to go into their studio on Wednesday 5th October for a live interview at 8.45am, they think BBC Look North will be interested too.
5. Tuesday 4th October I start 26 weeks of night class at Scarborough Yacht Club to complete my RYA day skipper's course, kindly sponsoring me for this is Graham & Co Accountants. It will cover both traditional and electronic navigation techniques, the regulations for avoidance of collisions, tidal calculations, and an insight into meteorology, buoyage & pilotage.
6. I continue to race for Yacht Kassey out of Scarborough. The winter series is racing every other Sunday so fits in well with Hunting. If you or anyone in your team would like to join me on a short race then it would be a pleasure - I can arrange this.
7. Fundraising for The Fisherman's Mission and The Yorkshire Air Ambulance is going well with half my target reached. In addition to the just giving pages I have held a raffle, baked cakes and next Sunday holding a pub ride at my livery yard.

Many thanks for your continued support.

Kind Regards

Julie
